OK. Now, about 7 hours later, I would like to take the time to post the above message once again, for this piece of art deserves no less:

...

OH MY GOD

(in all seriousness, this thing is hilarious)

Good luck on your secret mission.

quarimcool commented on **Almost Got It...** by **NikoAnesti** Feb 27, 2008

That website looks pretty cool, but it would be even BETTER if it was 100% pixel art :). I don't know, the text just doesn't seem to look good with those hearts.

Thank you for the favorite and watch!

I THINK YOU ARE A LIAR
GET OUT OF THIS HOUSE

quarimcool commented on **What do you do...** by **NikoAnesti** Jan 7, 2008

What other answer is there than "get a future"? But you know, if the conversation started about you missing school for a couple days, it shouldn't matter where it ended up in the end.

Whoa,
that's awesome.

quarimcool commented on **ANOTHER CREATURE** by **quarimcool** Nov 13, 2007

It's my pathetic excuse for texture ☹

quarimcool commented on **Geoweasel Through The Ages** by **NikoAnesti** Nov 10, 2007

Ahaha, the Marionator? Never knew about that, and I think I was around at about that time.

And I remember the chat board you had there. That was fun. Death threats, though!? No wonder you were so pissed.

Hello, thank you for the favorite!

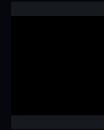

quarimcool commented on **BOSS FIGHT** by **quarimcool** Nov 4, 2007

Could you elaborate? I'm not disagreeing with you, I would just like to know why so my next thing will be better.

quarimcool commented on **Stumps - teaser** by **fallworth** Sep 29, 2007

Fix that water, it's moving way too fast. Other than that, good job.

quarimcool commented on **I Guess That About Wraps It Up** by **NikoAnesti** Sep 27, 2007

don't give up on your dreeeeaaams, niko
Someone with your exact name and everything once said this:

"If anyone has a dream like I do, follow it. Even if something pulls you down, god dammit, follow it! The harder you follow, the more likely you are to catch it."

quarimcool commented on **WIP Part 2** by **t00littletim3** Sep 19, 2007

Whoa! Looking awesome so far!

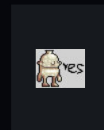

quarimcool commented on **Pixels Together Form This** by **quarimcool** Sep 16, 2007

Haha, whoa! You read the "Advanced Critique Encouraged" thing above the comment box, didn't you? Thank you!

I made the "yes" at the last second for absolutely no reason, and I was actually going to get rid of it, but I was too lazy to edit the file so I just submitted it. It isn't that great looking, but I could easily fix it if I wanted too (but I don't feel like it right now ☹).

Thanks again.

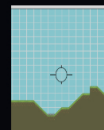

quarimcool commented on **School...Tomorrow...Dammit.** by **NikoAnesti** Sep 5, 2007

Everything you have ever done in your life has changed your future a lot. For example, your day could have turned out completely different if you hadn't posted that journal entry. You could cause someone else's death by simply sitting down on a chair, or saying "hello" to some person.

But anyway, school is a pain, yes. Sometimes what they teach you can seem useless. And it probably is, but not to everyone.

Even if you do stop making it, you will have more time to work on your other projects. You did a great job on this, though.

One of your better drawings, so good job! I would like to see something like this with color, that would be worth an "oh my goooooooooodnesss"
